

Nuvo

Speech Generating Device

Meet the Nuvo

The Nuvo is a medical device that allows users with a variety of speech impairments have access to verbal communication. It supports a vast selection of symbol and text based iOS AAC software. The Nuvo supports multiple language and voice options.

Highly Portable & Durable

The Nuvo is encased in a water resistant, military-grade shockproof case that is designed to withstand repeated drops. It houses a rotating hand strap and multi-angle kickstand. Weighing 3.1 pounds, the Nuvo is highly portable.

Multiple Access Options

The Nuvo can be accessed via multiple methods of input including direct touch, assistive touch, single switch, multiple switches, and auto-scanning. Custom made keyguards are also available.

Mounting

Multiple mounting options are available including lightweight and robust systems for wheelchairs, beds, desks, tables, and more.
