

Inspire

Speech Generating Device

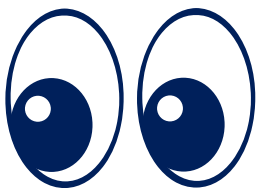

Meet the Inspire

The Inspire is a medical device that allows users with a variety of speech impairments have access to verbal communication. It utilizes a Windows Operating System with an advanced symbol and text based communication software called Grid 3.

Highly Portable & Durable

The Inspire is one of the toughest dedicated speech generating device on the market. It is a water resistant, military-grade shockproof device designed to withstand repeated drops. Weighing 4 pounds, the Inspire is highly portable.

Multiple Access Options

The Inspire can be accessed via multiple methods of input including direct touch, assistive touch, single switch, multiple switches, head mouse, and eye gaze.

Mounting

Multiple mounting options are available including lightweight and robust systems for wheelchairs, beds, desks, tables, and more.
