

# Inspire XL

## Speech Generating Device

---

### Meet the Inspire XL

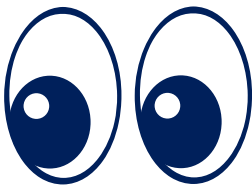

The Inspire XL is a medical device that allows users with a variety of speech impairments have access to verbal communication. The Inspire XL is our largest speech generating device offering a screen size of 14" for easier visibility of the Grid 3 communication software.

### Durable

The Inspire XL is the toughest dedicated speech generating device on the market. It is a water resistant, military-grade shockproof device designed to withstand repeated drops.

### Multiple Access Options

The Inspire XL can be accessed via multiple methods of input including direct touch, assistive touch, single switch, multiple switches, head mouse, and eye gaze.

### Mounting

Multiple mounting options are available including lightweight and robust systems for wheelchairs, beds, desks, tables, and more.
